

National Careers Service

This is a new national service for all young people aged 13 to 19. It was launched in April 2012. Funding for Careers South West advisers' time to schools has been cut significantly so that we can no longer offer one-to-one *guidance* for all of our students. All students, across all years, will continue to have careers *education* lessons through PD, as well as *guidance* from their PD teachers, form tutors and Heads of Year. Please take time to have a look at:

www.direct.gov.uk/NationalCareersService
