

## What Independent Study Looks Like In...PE!

1. Complete the Year 1 learning grids for K&U of key terms.
2. Complete topic specific exam questions provided by HW and CK from Exampro.
3. Use the interactive revision cards with exam questions on for independent or partner study.
4. Use the glossary in Book 1 and 2 to make a topic specific glossary.
5. Chop up the specification to understand the requirements of paper 1 and 2 then stick on a large piece of paper in order of topics you dislike to like (revise the dislikes more).
6. AO3 understanding-knowledge recall. On large A1 paper write a 15 mark question and categorise your A01,A02,A03 knowledge then compare with mark schemes.
7. Use all of HW power points from Year 1 and 2 with your notes from these classes to review and reopen links to internet sites and videos that contain practical example links to topic content.
8. RAG your specification and ask your teacher to reteach the areas you dislike.
9. Use Quizlet task designed by CK.
10. Draw loads of boxes and arrows that represent each of the psychological theories. From memory fill in the boxes with all the key terms.
